## MASTER BEDROOM

*Windsor Smith*

In the Master Bedroom, Windsor Smith consummates a marriage of cultures integrating Eastern, Indian and African elements. Bathed in light streaming in from windows on two sides, Smith's furnishing choices balance strong contemporary forms with the ornate and the decorative. Opalescent, embroidered silk lines the bed's canopy, supported by a nail-studded zebra hide frame. Upholstered wall panels contrast with green-gray walls, adding an overall warmth to the most intimate room in the house.
